```java
import java.util.*;

class Day29{

        public static void main(String args[]){

        Scanner sc = new Scanner(System.in);

        String str1 = sc.nextLine();

        String str2 = sc.nextLine();

        System.out.print(str1.concat(str2));

}

}
```
